Part 1 Name and objects of the association

1 Name

The name of the association shall be the **Association for Academic Language and Learning Incorporated**, hereinafter referred to as **AALL**.

2 Objects – mission and goals³

(a) Mission

AALL is a professional association committed to representing and supporting tertiary academic language and learning educators in Australia, and others with an active interest in the field. AALL aims to provide members with opportunities to extend their professional networks and to enhance their practice through discussion, professional development, presentations, publications and research.⁴

(b) Goals - The goals of AALL are to:

1. encourage discussion, exchange information, share good practice and hold meetings and conferences on the diverse activities of academic language and learning in tertiary education in Australia,
2. facilitate networks between academic language and learning educators, services and associate bodies in tertiary education nationally and internationally,
3. identify, describe, analyse and discuss aspects of academic language and learning theory and practice through relevant research, professional development, publications and resources relating to learning and teaching and students' experience of tertiary education,
4. promote evidence-based practice and publish scholarly research via the association's Journal of Academic Language and Learning,
5. inform and advise the public, tertiary institutions and government bodies on academic language and learning development practices, quality assurance mechanisms and related policies,⁵ and
6. promote quality, diversity, internationalisation and flexibility in language and learning development.

³ Contains a re-draft of AALL mission and goals to help clarify what AALL is, who we represent and support, and what tangible outcomes and benefits AALL aims to achieve for its members.

⁴ Mission statement replaces previous mission: "AALL is committed to promoting and providing academic language and learning development through policies, practices and research that build, enhance and extend teaching and learning opportunities for all students and staff in tertiary education settings."

⁵ Goals replace previous goals, which were to "facilitate communication and collaboration among AALL members and provide a forum for the discussion of policy, practice and research especially through channels such as unlearn and the association's state-based affiliates; work towards institutional environments which provide the highest quality of learning experiences for all students and for all staff; support the development of core, disciplinary academic and professional skills and attributes in all tertiary education students; foster the recognition of the academic nature of the work of language and learning development through individual and collaborative research within and across tertiary institutions nationally and internationally; promote quality, diversity, internationalisation and flexibility in language and learning development; use publications and conferences to inform the wider academic community about the philosophies and practices of language and learning development in tertiary education; and act as a lobbying body on issues relevant to AALL members."

Part 2 Membership

3 Membership qualifications

(a) AALL has two categories of membership:

(i) **Member**

Any person who expresses interest in the mission and goals of AALL, agrees to the terms and conditions of AALL membership, submits a completed membership form and pays prescribed membership fees can become a member. These steps are normally completed via an online membership portal. Upon electronic submission of payment, the person's name is automatically entered into a register of members, and the person is notified that their membership with the association has commenced.⁶

(ii) **Honorary Life Member**

Any person who is interested in the mission and goals of AALL and who is elected to honorary life membership by the executive committee of AALL, hereinafter referred to as "the executive"⁷. Honorary life members will be elected because they have made a distinguished contribution to tertiary education or because they have served AALL well over a significant period. Honorary life members have voting rights but are not required to pay prescribed fees.

(b) With the approval of a general meeting, the executive shall have the power to create, and appoint people to honorary positions of distinction other than those provided for under clause ⁸ 3(a)(ii).

(c) Failure to pay the prescribed membership fees by the date set for membership expiry (normally, upon the anniversary of the previous payment) will automatically terminate membership.⁹

(d) Payment on or before the expiry date will result in a membership renewal set to commence on the expiry date; payment after this expiry date will result in a new membership being generated, set to commence on the date of payment.¹⁰

(e) A person ceases to be a member of the association if the member dies, or resigns membership, or is expelled from the association. If a member of the association ceases to be a member, a delegated executive member¹¹ must make an appropriate entry in the register

⁶ The first sentence in 3(a)(i) includes additional requirement for membership, i.e. to agree to membership terms and conditions (these will be as specified online prior to submission of payment, and will include, for example, respect for the intellectual property of others).

Final two sentences encapsulate membership processing via an online portal, and replace: "The association treasurer must on payment of the membership fees enter, within 28 days, the member's name in a register of members and, on the name being so entered the person becomes a member of the association."

⁷ The short form of the executive committee is included here, and thereafter used throughout the document.

⁸ Changed rule # to clause # where relevant for consistency.

⁹ This sentence [3(c)] reflects a change from manual expiry notifications sent to large groups of members at fixed times of the year to automated expiry notifications sent to individuals upon the anniversary of their previous membership payment. Replaces "Failure to pay the prescribed membership fees within a period of three months after the subscription has been due will automatically terminate membership."

¹⁰ This sentence [3(d)] makes it clear that when a person pays after the expiry date, their membership period is not backdated; rather, the person is simply no longer a member during the period in which they are non-financial, but can rejoin for another full membership period set from the date of their new payment, if they wish to do so. Equally, members who pay a renewal fee prior to their expiry date have their membership extended for another full membership period set from the date of expiry (rather than the date of payment). It replaces: "At her/his request and on payment of prescribed fees and any money owed to the association, any person whose membership has been automatically terminated may be reinstated."

¹¹ In 3(e), "a delegated executive member" replaces "treasurer". The person so delegated could be the treasurer or a different executive member (e.g. the secretary or a membership coordinator).

of members recording the date on which the member ceased to be a member.

4 Register of members

- (a) An automated register of members is maintained in the online portal, and specifies the name and email address of each person who is a member of the association together with the date on which the person became a member.¹²
- (b) A back up electronic copy of the register (convertible to hard copy) is maintained on the shared drive, and is accessible to the executive, solely for the purposes of sending notices of meetings, events, resources, opportunities, membership notifications and other announcements relating to the association's mission and goals to other members. It is not to be distributed to others, except as might be required to comply with the Act.¹³

5 Membership fees

A member of the association must, on admission to membership and on the anniversary of their admission to membership in each subsequent year if they wish to continue to be a member, pay to the association an annual membership fee of \$2 or, if some other amount is determined by the executive, that other amount. Annual membership fees shall be determined by the executive in accordance with AALL's needs and ratified at the annual general meeting.

6 Members' liabilities

The liability of a member of the association to contribute towards the payment of the debts and liabilities of the association or the costs, charges and expenses of the winding up of the association is limited to the amount, if any, unpaid by the member in respect of membership of the association as required by clause 5.

7 Resolution of disputes

- (a) A dispute between a member and another member (in their capacity as members of the association, or a dispute between a member or members and the association, are to be referred to a Community Justice Centre for mediation under the Community Justices Act 1983.
- (b) If a dispute is not resolved by mediation within 3 months of the referral to a Community Justice Centre, the dispute is to be referred to arbitration.
- (c) The Commercial Arbitration Act 2010 applies to a dispute referred to arbitration.¹⁴

¹² This sentence [4(a)] reflects the automatic storage of member details in the online portal, and replaces: "The treasurer of the association must establish and maintain a register of members of the association specifying the name and address of each person who is a member of the association together with the date on which the person became a member."

¹³ This sentence [4(b)] affords greater data privacy for members, and replaces: "The register of members must be kept at the principal place of administration of the association and must be open for inspection, free of charge, by any member of the association at any reasonable hour. AND A member of the association may obtain a copy of any part of the register on payment of a fee of \$1 for each page copied or, if some other amount is determined by the committee, that other amount.

¹⁴ New clause inserted to cover disputes between members and/or between members and the association, copied from the Model Constitution Under the Associations Incorporation Act 2009.

8 Disciplining of members ¹⁵

- (a) A complaint may be made to the executive by any person that a member of the association:
 - (i) has persistently refused or neglected to comply with a provision or provisions of this constitution or the association's code of conduct¹⁶, or
 - (ii) has persistently and willfully acted in a manner prejudicial to the interests of the association.
- (b) The executive may refuse to deal with the complaint if it considers the complaint to be trivial or vexatious in nature.¹⁷
- (c) If the executive decides to deal with the complaint, the executive:
 - (i) must cause notice of the complaint to be served on the member concerned; and
 - (ii) must give the member at least 14 days from the time the notice is served within which to make submissions to the executive in connection with the complaint, and
 - (iii) must take into consideration any submissions made by the member in connection with the complaint.
- (d) The executive may, by resolution, expel the member from the association or suspend the member from membership of the association if, after considering the complaint and any submissions made in connection with the complaint, it is satisfied that the facts alleged in the complaint have been proved and that the expulsion or suspension is warranted in the circumstances.¹⁸
- (e) If the executive expels or suspends a member, the secretary must, within 7 days after the action is taken, cause written notice to be given to the member of the action taken, of the reasons given by the executive for having taken that action and of the member's right of appeal under clause 9.
- (f) The expulsion or suspension does not take effect:
 - (i) until the expiration of the period within which the member is entitled to appeal against the resolution concerned, or
 - (ii) if within that period the member exercises the right of appeal, unless and until the association confirms the resolution under clause 9(e), whichever is the later.

9 Right of appeal of disciplined members

- (a) A member may appeal to the association in general meeting against a resolution of the executive under clause 7, within 7 days after notice of the resolution is served on the member, by lodging with the secretary a notice to that effect.
- (b) The notice may, but need not, be accompanied by a statement of the grounds on which the member intends to rely for the purposes of the appeal.
- (c) On receipt of a notice from a member under clause (a), the secretary must notify the executive which is to convene a general meeting of the association to be held within 28 days after the date on which the secretary received the notice.

¹⁵ A change of numbering commences here due to insertion of previous clause. (This was previously clause 7.)

¹⁶ In subclause 8(a)(i), non-compliance with the code of conduct the member has agreed to upon gaining membership is added as a cause for complaint that may be considered by the executive in the disciplining of members.

¹⁷ New subclause [8(b)] added to enable the executive to first determine whether the complaint seems serious and substantiated, and to allow it to refuse to deal with it if it considers the complaint to be trivial or vexatious in nature, as in the Model Constitution Under the Associations Incorporation Act 2009.

¹⁸ Added qualifier to 8(d) with wording taken from the Model Constitution to indicate that the executive is not only satisfied that the allegations have been proved but also "that the expulsion or suspension is warranted in the circumstances."

- (d) At a general meeting of the association convened under clause (c):
 - (i) no business other than the question of the appeal is to be transacted, and
 - (ii) the executive and the member must be given the opportunity to state their respective cases orally or in writing, or both, and
 - (iii) the members present are to vote by secret ballot on the question of whether the resolution should be confirmed or revoked.
- (e) If at the general meeting the association passes a special resolution in favour of the confirmation of the resolution, the resolution is confirmed.

*Part 3 Executive, sub-committees, working parties and interest groups*¹⁹

 - (iii) has power to perform all such acts and do all such things as appear to the executive to be necessary or desirable for the proper management of the affairs of the association.
- (b) The executive shall have the power to establish, support and encourage sub-committees, working groups²¹ and interest groups within AALL. The executive will also have the power to dissolve such groups for actions carried out in AALL's name which are contrary to the mission and goals of the association or the association's good standing; all such decisions must be ratified at the next general meeting.

11 Constitution and membership of the executive²²

- (a) The size of the executive will not exceed 24 members and will include at least 16 members (to be two from each state and territory) elected by the members of the association and a maximum of 8 co-opted members. Members of the AALL executive will be representative of tertiary institutions across Australian states and territories. Subject in the case of the first members of the executive to section 21 of the *Act*, the executive is to consist of:
 - (i) the office-bearers of the association, and
 - (ii) up to, but not exceeding, 19 additional²³ elected and co-opted executive members.
- (b) Co-opted members of the executive shall be members of the executive from the time of their co-option until the next election for the executive.
- (c) No member of AALL shall be eligible to stand for election, or to be co-opted, to the executive if this would result in the member being continuously on the executive for more than three

¹⁹ Changed title from "Part 3 Organisational structure, executive and officers of AALL"

²⁰ The short form "the executive" has been introduced earlier in the document, hence the short form is used here.

²¹ Added "working groups" to phrases that include sub-committees and interest groups in clause 10(b), and subsequent clauses with the phrase.

²² Added "of the executive" to the title of clause 11 for clarity.

²³ Changed clause 11 (a)(ii) from "20" to "19 additional", as public officer is now included in the count of office bearers

- (h) Ex-officio and co-opted members of the executive shall have similar powers and responsibilities to other members of the executive.
- (i) The term of office of all elected members of the executive shall be two years. Elections for the executive will be held in every alternate year.
- (j) In the event of a casual vacancy occurring in the membership of the executive, the executive may appoint a member of the association to fill the vacancy and the member so appointed is to hold office, subject to this constitution, until the conclusion of the annual general meeting next following the date of the appointment.

²⁴ Added "(6 year) to clarify time length of three periods of office.

²⁵ Added public officer as office bearer in clause 11(d).

²⁶ Replaced text in clause 11 (e), (f) and (g) with expanded list of national leadership roles. [Previous text: "(e) The co-opted members include: (i) immediate past and future conference convenors, (ii) other officers appointed by the executive to address specific functions, and (iii) officers appointed to carry responsibility for AALL publications. Officers appointed to carry responsibility for all publications undertaken in AALL's name should be co-opted to the executive at least until the executive meeting following the election of a new executive, at which time it would be expected that their co-option would be extended. (f) When deciding how to fill co-opted positions on the executive, the executive should take into account achieving a balanced representation of interests and groups within the association. (g) Notwithstanding the above, the delete: annual AALL conference convenor should normally be appointed as an ex-officio member of the executive eighteen months prior to the conference they are to convene, and remain a member of the executive until such time as the business of that conference is concluded."] Depending on the size of the exec and what other ideas the exec has now or later, we could also include practice leads, e.g. digital and online learning practices lead, STEM practices lead, etc. More detailed roles and responsibilities could be published on the website and subject to regular review, as ALDinHE has done here <http://aldinhe.ac.uk/steering-group-roles/>. Each lead is to be both a member of the executive, and also the chair of their sub-committee, working group or interest group, to have an open invitation for other members (including non-executive) members to express interest in joining- see also <https://drive.google.com/file/d/1--Q-meFTycJRbdO9qxqGg0jZEAI6Css-/view>

- (k) Outgoing members of the executive will assist and mentor incoming members of the executive for a period of 3 months following the election of new office bearers and other roles. They will maintain a centralised electronic copy of guidance notes and records for the roles that they fill, and make these available to incoming executive members upon their election.²⁷

12 Election of members

- (a) Nominations of candidates for election as state or territory representatives on the executive:
- (i) must be made in writing by 2 members of the association and accompanied by the written consent of the candidate and an accompanying statement by the nominee in support of their nomination²⁸, and
 - (ii) must be called for at least 16 weeks before²⁹ and delivered to the secretary of the association at least 10 weeks before the date fixed for the holding of the annual general meeting at which the term of the current executive is due to expire.
- (b) If insufficient nominations are received to fill all vacancies on the executive, the candidates nominated are taken to be elected and further nominations for the vacant positions are to be received at the annual general meeting.
- (c) If insufficient further nominations are received, any vacant positions remaining on the executive are taken to be casual vacancies.
- (d) If the number of nominations received is equal to the number of vacancies to be filled, the persons nominated are taken to be elected.

The closing date for the election will be at least 6 weeks prior to the annual general meeting.³⁰
- (g) Votes must reach the returning officer by³¹ the closing date for the election and bear a date-mark prior to midnight on that date. Votes received after this time or bearing a later date-mark will be ineligible.
- (h) The president shall appoint a tellers committee comprising the returning officer plus at least one other member to verify the count of ballots.³²

²⁷ Lengthened handover specified in clause 11(e) from a single meeting to a 3 month transition period. Text replaces “Outgoing members of the executive should attend the first part of the executive meeting immediately following the election, for the purposes of transferring responsibilities to the new executive.”

²⁸ Added to subclause 12(a)(i) a requirement for nominees to include a supporting statement in their original nomination. This will help streamline later election processes.

²⁹ Added a date by which members are informed about a call for nominations.

³⁰ Moved dates forward for completion of different phases of the election process [subclause 11(f)]. Earlier dates are possible as a result of using online ballots and gathering supporting statements. Previous text was: “the returning officer will, after the close of nominations, forward at least four weeks before the closing date for the election, appropriate voting papers to all members in each relevant state or territory. The closing date for the election will be three weeks prior to the annual general meeting. Competing nominees will be asked to provide a statement in support of their election which will be forwarded with the voting.”

³¹ Changed timeline for receipt of vote in subclause 11(f) from “no later than one week after the closing date” to “by the closing date”. Electronic polling make this possible.

³² Changed subclause 12(h) as consistent with online polling processes. Previous text was: “The president shall appoint a tellers committee comprising the returning officer plus at least two or more members to count the ballots.”

- (i) In the event of tied votes, the name of the person elected will be determined by lot by the returning officer.
- (j) Candidates will be notified of the outcome of the election within one week of this, with successful candidates sent information on the next stage of elections for office bearers and other national roles.³³
